

# Tenant Improvement

# Queen's Quay Terminal Renovations

**Client:**

Gentra Incorporated

**Architect:**

Zeidler Roberts Partnership Architects

**Location:**

Toronto, Ontario

**Project Details:**

As construction Manager, Aecon was responsible for complete demolition and base building upgrades to approximately 150,000 square feet of tenant space on the 6th and 7th floors including upgrade of mechanical and electrical systems. Other work involved new elevator lobby, food court and retail renovations as well as exterior work including addition of two entrance canopies. Work was performed on budget and to schedule requirements.
