

Retail

Client:

Gentra Inc.

Architect:

Line Laurin Architects

Location:

Mississauga, Ontario

Project Details:

Aecon provided construction management services on an ongoing program basis to facilitate required changes to the former Sheridan Mall property. Work included the successful completion of a major renovation to convert existing retail to leasable office space, construction of new entrance, pads for new McDonalds / Pizza Pizza locations, re-location of Mississauga Central Library, etc. Approximately 210,000 sf of office conversion for new call centre tenant as well as basebuilding and tenant improvement work to 30,000 sf for another new office tenant. The entire program has been very dynamic and Aecon has provided significant value engineering throughout.

Sheridan Centre Conversion Project
