

RECREATION

SHENKMAN (ORLÉANS) PERFORMING ARTS CENTRE Ottawa, Ontario

Project Overview

Under the auspices of Aecon Buildings Ottawa, this state-of-the-art facility was constructed to house performing, visual and new media arts programs.

The 86,000 SF building incorporates a 500 seat performance theatre and 100 seat multifunctional theatre, as well as Art Gallery studios and workshops.

The Building was designed and constructed to a LEED® Silver standard, utilizing reinforced concrete, structural steel and a variety of cladding. The stunning main entrance elevation incorporates an extensive panorama of colored curtainwall.
